

EL5 Line Boring Machine

• Applications

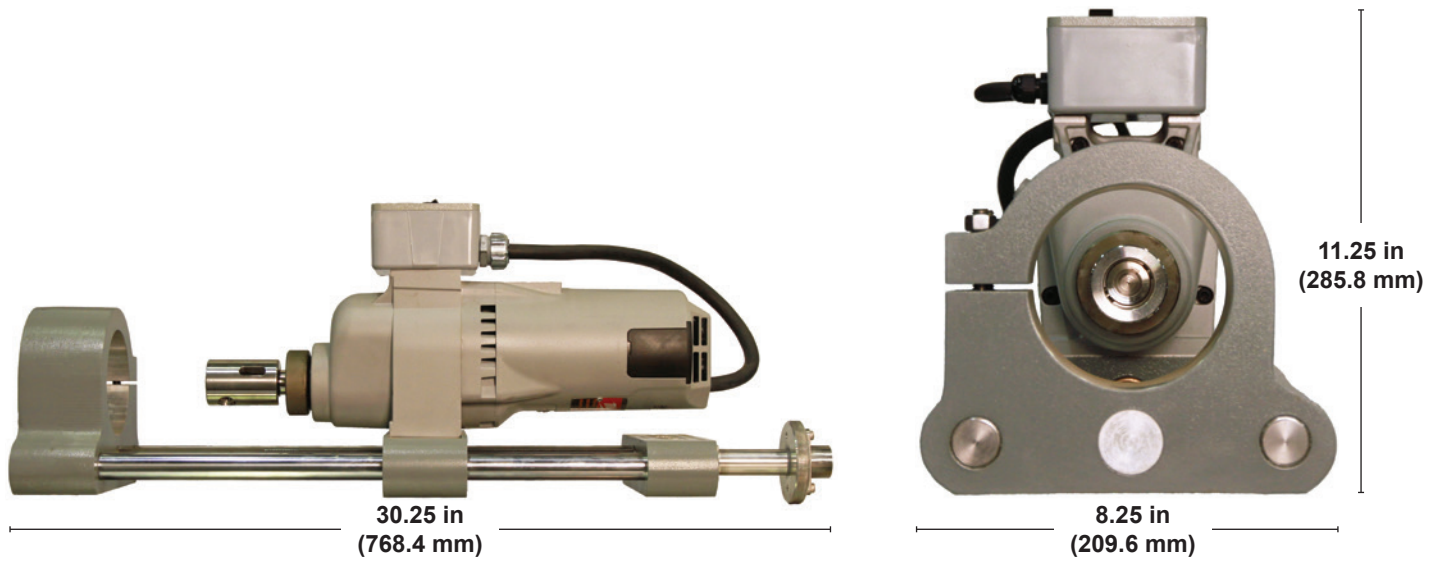

- Agricultural Equipment
- Small Bore Diameters
- Light Use
- Logging
- Construction
- Backhoe
- Gears and Gear boxes
- Motor Housings
- Pumps

• Product Description

This entry level line boring kit is designed to do bores from 1.5 to 5 inch (38.1 to 127 mm) diameter. The bar drive motor has 2 speeds - 250 and 500 rpm. The manual carriage has an adaptor to accept a .375 inch (9.5 mm) drive ratchet to assist in feeding. The bar drive motor has our standard morse taper adaptor, making this unit compatible with our .75 inch bar (19 mm) kit and our 1.25 inch (31.8 mm) bars and accessories. The mounting head comes with our standard adaptor plate allowing for bore welders to be attached.

• Advantages

- Low price
- Simple to use
- Light weight
